INTRATHECAL PUMP DELIVERY RECORD

C000751

24 HOUR PATIENT TOTAL SUMMARY **(Patient to complete at the same time each day). <u>This is a cumulative 24 hour Total.</u>**

Date	Time	Patient Total	Date	Time	Patient Total

In the community setting check the pump once daily at the same time. To do this the patient needs to push the blue info key twice to gain the 24 hour patient total. Patient Total= Volume Infused + Bolus given. Health Professionals to gain the 24 hour total you need to subtract from the previous 24 hr totals.
